Need New Roof**

SOUNDS INTERESTING? UNTIL NOW- NOT A AVAILABLE IN THIS AREA

 **NOW, It's A Waste of Money**
tearing off and replacing
your roof

 **NOW, Refurbish Up To A 20
Year Old Roof**
Better Than New – With A
Great Warranty!

 **NOW, Science & Testing
Proves It**
15 Yr. Shingle Exceeds ASTM
New Shingle Specs.

 **NOW, Fortify Newer Shingle;
Extreme Weather Protection**
Class 4 Hail Resistant – Safer
Class A Fire Rated Too

 **NOW, Shingle Prevents Liquid
Entry; Releases Moisture**
No Ugly Stains – Never Worry
About Algae & Mold Again.

 **NOW, 75% Less Than Replacement**
Usually Less Than \$3,900

NANO TECH NOW, FOR ROOFING

same used by NASA - Pentagon

SHIELD UV RAYS - LOCKS DOWN GRANULES...

- ❖ Granules: No Asphalt Exposed - Not Destroyed
- ❖ Provides Extreme Weather Protection

HYDROPHOBIC - MOISTURE RELEASE; NO ENTRY

- ❖ Why Release Out - Starves And Kills Algae & Mold
- ❖ Why Block Entry In - Prevent Shingle Destruction

REFURBISHES ASPHALT... BETTER THAN NEW

- ❖ Superior Impact Resistance - Hail Prevention
- ❖ Superior Flexibility - Wind Defense
- ❖ Superior Waterproofing - Prevents Leaks

Key Features

- FORTIFY**
Significantly increase impact resistance making your roof hailstorm-ready.
- ENHANCE**
Boost wind resistance, ensuring your shingles stay put even in extreme weather.
- PRESERVE**
Create a hydrophobic barrier that repels water and prevents moisture damage.
- LONGEVITY**
Extend the life of your roof by up to 15 years with just one treatment.

Application Instructions:

- 01 Ensure the roof is clean and free from debris.
- 02 Shake well before use.
- 03 Apply Gonano Shingle Saver evenly across the roof surface using a sprayer or roller.
- 04 Allow the product to dry for at least 24 hours before exposure to rain or heavy foot traffic.
- 05 Apply in dry conditions with temperatures above 50°F (10°C) for optimal results.

NuRoof Fortify™

Extreme Weather Protection

Boosts Newer Shingle Performance

Never Tear Off Your Roof Again

Saves Money - Environment Friendly

Peace of Mind - Great Warranty
No Ugly Staining - Prevents Algae
Superior Protection - Impact Resistant

5 Gallons

Product Details

CONTENT
5 Gallons

MADE FOR
New to 10-Year-Old Asphalt Roof Systems

ACTIVE INGREDIENTS
High-Concentration Nanoparticles & Bio-Oil

PRECAUTIONS

- Use in a well-ventilated area.
- Keep out of reach of children.
- Avoid contact with eyes and skin.
- In case of contact, rinse thoroughly with water.

COVERAGE
Approx. 1000-1200 square feet per container (5 Gallons).

Restricted Use: For professional use only. Not for retail sale or public distribution. Intended exclusively for use by trained contractors. This product is not classified as a consumer architectural coating under 301.209-264.

Website: www.gonano.com
Address: 1209 Orange Street, Wilmington, Delaware, 19801, USA

GoNano LLC is not responsible for any damage resulting from misuse of this product. Please follow application instructions carefully.

Key Features

- REVIVE**
Bring back the strength and durability of your aging roof.
- EXTEND**
Add an impressive 5-10 years to the lifespan of your roof.
- PROTECT**
Shield your roof from the elements with superior nanotechnology.

Application Instructions

- 01 Ensure the roof is clean and free from debris.
- 02 Shake well before use.
- 03 Apply Gonano Revive evenly across the roof surface using a sprayer or roller.
- 04 Allow the product to dry for at least 24 hours before exposure to rain or heavy foot traffic.
- 05 Apply during dry weather with temperatures above 50°F (10°C) for best results.

NuRoof Revive™

Extreme Weather Protection

Completely Refurbish Older Shingles

Make Shingles Better Than New

Saves Money - Environment Friendly

Peace of Mind - Great Warranty
No Ugly Staining - Prevents Algae
Superior Protection - Impact Resistant

QUICK **FACTS** NANO TECHNOLOGY

Billions Invested:

Research & Development

Companies Using:

Includes Merck, Novartis, GE,
Mercedez,
NASA, Pentagon, Johnson & Johnson
and many more.

Nano Basics:

Rearrange Atoms & Molecules
– Creating Materials That Are
Astronomically More Effective

Examples of Nano Technology:

Carbon ... Soft, Like Pencil Lead

Carbon Nanotubes... Stronger Than
Steel & Lighter Than Aluminum

Cancer Treatment... Floods The Whole Body

Medicinal Nanoparticles... specifically
targets cancer – avoids healthy tissue.

Automobile Paints – Fades, Scratches, Lose Luster

Coating Nanoparticles... repels dirt,
prevents fading, scratch resistance

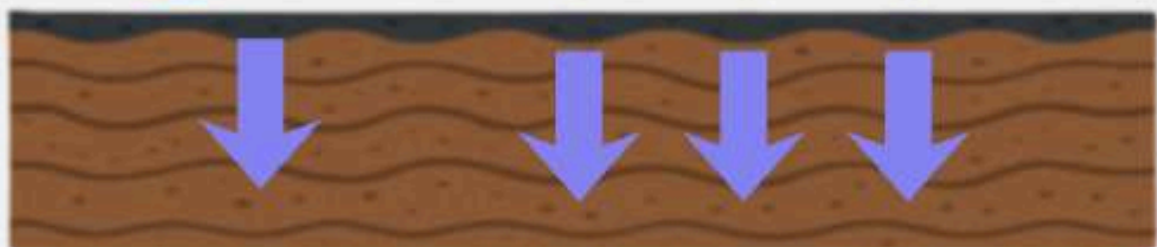

GONANO STRATEGY

Leverage Nano Technological Breakthroughs
Apply Specifically To Roofing

EXTREME WEATHER PROTECTION

**PENETRATES
ASPHALT SHINGLE**

BENEFITS

- ✓ Restores Flexibility
- ✓ Prevents UV Damage
- ✓ Enhances Durability
- ✓ Repels Water

RISKS AVOIDED

- ✗ Brittleness
- ✗ UV Degradation
- ✗ Leaks

NOW, UNIQUE ROOFING USE
- GLOBAL PATENTS

NANO TECHNOLOGY

RESULTS YOU CAN TRUST

Want To Know The Investment?

Trusted Performance...

over 300,000 homeowners recommend this patented roof solution to their family and friends in all geographics in North America.

Increases Home Value...

Better appearance and superior defense, combined with an extraordinary product defect limited warranty that transfers too.

Avoid Shingle “Blow Offs”...

up to 35% reduced risk that your roof system will be exposed and damaged.

Superior Investment...

creates patented molecular interaction that improves the asphalt performance capability, resulting in up to 50% longer durability and defense against mother nature’s attacks.

Prevents Ugly Roof Discoloration...

keeps out the moisture required for mold and algae growth. Any existing discoloration will be eliminated within 15 weeks.

Safer For Your Family...

highest roof fire rating earned from Underwriters Laboratories (Class A)

Save Thousands...

Typically 75% lower cost versus a roof tear off and replacement.

Beautiful Appearance...

enjoy the existing granule color and drastically slows color fading too.

Peace of Mind...

affordable and extraordinary investment derived from advanced nano technology that helps create your best defense when extreme weather is most damaging.
